**1.** Push the retractable button to extend the piercing blade.

Pierce the plastic (A) and PULL OpenX to make a 1 inch slit (B).

*Be careful of sharp blade!*

**2.** Insert the front tip of OpenX into the slit (C) and firmly Push and Slide to Get Inside! (D)

**NOTE:** Side wall of package is usually best.

**WARNING:**  
Extremely Sharp Blades.  
Keep out of reach of children.  
When package is cut,  
plastic edges are sharp.
